

## Testimonials

“Design Solutions have manufactured and fitted the graphics for our all vehicles and helicopters, together with the production of various adverts and brochures, on a regular basis over the last couple of years. We have only ever received excellent service and work of the highest quality. We would thoroughly recommend Design Solutions for all your graphics requirements.

Chris Fordyce

General Manager

Precision Helicopters Ltd

“Powerco has been working with Design Solutions for around seven years and we appreciate the attention to detail, focus on consistent quality and timeliness in all aspects of their operation. But over and above all we like the fact that Design Solutions has the ability to think outside the square, challenge our ideas, suggest innovations and alternatives that ensure our business and brand is presented professionally, consistently and credibly using a wide range of contemporary mediums from web to print to fleet to cutting edge displays.

Neil Holdom

Corporate Affairs Manager

Powerco

“Design Solutions are flexible, patient, hard working and always put the client first. I have been working with Hayden 9 years now and the quality of work is second to none.

Ivana Sekanic

Marketing Specialist

Aggreko Australia Pacific

“Pace Power & Air engaged Hayden from Design Solutions to design a fresh new logo for our new Power Generation & Compressed Air division. Design Solutions understood our objectives and delivered the concept we were after very early on.

Design Solutions have gone on to supply our total design requirements including vehicles, buildings, decals, business cards and letterhead. We find the service to be prompt and professional and thoroughly recommend Design Solutions to anyone.

Mitchell Day
